INTRODUCTIONS

My name is Nguyen Viet Khoa. I want to improve my knowledge and skills by joining an Internship Program to learn and experience a professional environment with friendly, happy colleagues.

EDUCATION

9/2021 - Present Văn Lang University

Bachelor of Information Technology

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, SQL
- Backend Frameworks: Node.js, Express.js, FastAPI, NestJS
- · Frontend: ReactJS
- Databases: MongoDB, PostgreSQL

· Tools: Git. Docker, Postman

CARRER GOALS

I am seeking an opportunity to join a professional environment where I can be guided, trained, and improve my programming skills to become a proficient developer.

WORK EXPERIENCE

I have no work experience but have tried to build a project to improve my skills.

Project:

WebApp TodoList (2025)

Description: A to-do app building a full-stack MERN, creating a responsive design, and setting up a REST API for managing tasks Technology in use: **MongoDB, Express, Node,**

React, Git

Link: https://todowebapp-astb.onrender.com

Personal Portfolio Website (2025)

Description: A responsive portfolio website built to showcase my projects, skills, and professional background. Designed with a clean UI and smooth interactions to highlight my work as a developer.

Technology in use: **JavaScript, HTML5, CSS3, Git**

Link: https://porfolio-yrbo.onrender.com/

Basketball E-commerce Shop (2025)

Member: 4

Description: A basketball-themed e-commerce website built with WordPress, featuring essential online shopping functionalities such as product listings, user registration/login, shopping cart, and order management.

My Role: Contributed to designing the site layout, configuring plugins, and setting up product and order management modules.

Technology in use: WordPress
